REPLACEMENTS

Once you have learnt more seasonal music to performance standard, you might want to add these pieces here, and cross off any that you wish to replace.

This ensures your Christmas Repertoire continues to grow and develop.

AIM FOR AT LEAST THREE pieces of Christmas Repertoire that you can play:

- + without notice
- + without embarrassment
- + and without notation

AND DON'T FORGET

Try to play your ongoing Active Repertoire pieces once or twice a week too, so that you don't forget them!

Why not try playing a favourite Christmas song by ear so you can add it to your Christmas Repertoire?..
